Dear Parents

Responsible Internet Use

During your child's time in Scamps we are able to have access to computers so that your child can have supervised access to the internet.

Although there are concerns about children having access to undesirable materials, we have taken positive steps to reduce this risk in Scamps. Our school internet provider operates a filtering system that restricts access to inappropriate materials. This may not be the case at home and we can provide references to information on safe internet access if you wish. We also have leaflets from national bodies that explain the issues further.

Whilst every endeavour is made to ensure that suitable restrictions are placed on the ability of children to access inappropriate materials, Scamps can not be held responsible for the nature or content of materials accessed through the internet. Scamps will not be liable for any damages arising from your child's use of the internet facilities.

Should you wish to discuss any aspect of Internet use please do not hesitate to contact me.

Yours sincerely

Carol Morrison
