CURRICULUM NEWSLETTER - SUMMER TERM 2 YEAR 6 MR BLOOD AND MR HORNSBY

English

Children will be reading and exploring the text 'Kensuke's Kingdom' by Michael Morpurgo. Whilst reading the book, we will focus on different skills and write for a range of different purposes. I know how much children have enjoyed previous books by this author and am sure this one will spark their enthusiasm too.

Mathematics

The vast majority of mathematics skills this half term will be covered through some group project work. How could you plan a holiday for a family of 4? After being given a strict set of non-negotiables, children will work in small groups to conduct research and work out which holiday would be the most cost effective before presenting their results to the class.

Useful Information

What can you do to help your child?

We should be aiming to read at least three times per week.

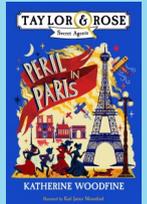

Online Resources

Children have access to a number of websites to support their learning such as: conquermaths, edshed, ttrackstars and activelearn.

Please ensure children's reading books and reading records are in school every day. Thank you!

PE - Our PE day remains on a Thursday but please ensure PE kits are in school on a Monday for the duration of the week. Earrings should not be worn on PE days either for safety.

Our current class novel is 'Peril in Paris'. We may finish this and start a new book too!

Thank you for your continued support.

Please check the app for any correspondence we send out over the next few weeks—it is a very busy time at school with plenty going on.

If there is anything else you would like to discuss, please use our class email: y6cleves@cclt.education and somebody will be happy to help.

Fiver Challenge

Year 6 always enjoy the fiver challenge which they do for the Summer Fair. During the project, many skills will be covered including DT, Computing and Maths.

PSHE

Children will explore relationships and how these change as we grow older. We will do plenty of transition work to better prepare children for the next stage of their education too.

DT - Food

Inspired by a visit from celebrity chef Shaun Rankin, children will get the opportunity to cook some of their own savoury dishes.

PE

The focus will be on athletics this half term. Children will also be supporting the rest of the school with Sports Day and Quad Kids.

RE

To prepare children for the RE they will learn next year at secondary, we will revisit the Christian faith and consolidate knowledge learnt throughout KS2.

MFL - Spanish

We will be looking at common phrases and greetings in more detail. Children will be able to discuss basic facts about themselves.
