

Cleves Cross

Year 2 Curriculum Newsletter Spring 2

Core Subjects

English – This term we are going to be enjoying *The Diary of a Killer Cat*. We will be learning about writing in the first person and how to make our writing more interesting by extending sentences. Then we will be using our geography topic to support us in writing a non-chronological report all about hot and cold climates around the world.

Mathematics – We are continuing to practice counting in 2's, 5's, 10's and 3's daily. In addition to this, we will begin learning all about measurement. We begin with length and height and move on to mass, capacity and temperature. We will be using the four operations we have already learned to solve problems in these areas.

Other Key Learning

Science

We are investigating living things and their habitats.

D.T.

In D.T. we are going to be learning all about food and where it comes from. Then we will be designing and making our own healthy soup.

PSHE

In PSHE, we will be learning about feelings. We will name and identify them and then consider how they affect our bodies and what we can do to manage them.

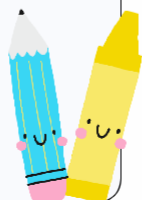

Religious Education

We are continuing our learning about Christianity. We will be exploring the question 'How do Christians celebrate Easter?'

Geography

Our geography learning will take us all over the world as we find out about hot and cold climates.

Useful Information

What can you do to help your child?

We should also be aiming to read at least three times per week at home. Please ensure reading records are signed when you have read.

Online Resources

Children have access to a number of websites to support their learning such as: Doodle Maths, TT Rockstars and Spelling Shed.

Please ensure children's reading books and reading records are in school every day. We will change books every Friday. Thank you!

Reminders

PE - Our PE days are on a **Monday** and a **Wednesday**. Earrings should not be worn on PE days either for safety. In Gymnastics, we will be exploring balances in more detail. Children will create a range of balances using different parts of their bodies and increase their confidence when using apparatus.

Thank you for your continued support.

If there is anything else you would like to discuss, please use our class email:
Yr2@clevescrossprimary.org.uk
and somebody will be happy to help.
